9:1

3 DEPARTMENTS:
MUSIC, ART, AND
LIBERAL ARTS/
PROFESSIONAL STUDIES

18 PROGRAMS:
8 ASSOCIATE AND
12 BACHELOR DEGREES

9:1 student to faculty ratio = studio-based courses = small class sizes

FACILITIES

All students enrolled in Villa's Computer Software Development Program will have access to a state-of-the-art computer lab that is currently under development. The space will be equipped with industry-leading software including Adobe Production Premium, Microsoft Office Suite, Avid M Box, Final Cut Pro, HDTVs and more.

MISSION STATEMENT

Ever mindful of the Villa Maria Mission and Vision, the computer science program endeavors to produce graduates who are highly-employable and immediately productive within the field of software development who can:

- work in a wide range of environments;
- work in a wide range of application areas;
- apply appropriate tools and methods; and,
- adapt to new technologies and applications by being continuous and efficient lifelong learners.
